## Supplier Spotlight

### Orderzone.com: Your source for Ink and Toner

*With all the top brands of ink and toner in stock and a remanufacturing program that is both smart and green, Orderzone.com is your one-stop shop for ink and toner*

Orderzone.com is a single source for all of your MRO products and office supplies, as well as a host of supply chain management programs to help streamline your procurement process. A key part of that offering is Orderzone's ink and toner program, which consists of top brands such as Epson, HP, Dell, Canon and many more. In addition, Orderzone offers remanufactured ink and toner cartridges that can meet performance, cost and environmental concerns—all at your fingertips with Orderzone.com.

Remanufactured cartridges have been recycled and reprocessed from an original equipment manufacturer (OEM) empty core. The process differs by manufacturer and materials used, with varying results in quality and page yields. Orderzone's remanufactured cartridges are produced to stringent quality control standards, using lab-tested components to ensure consistent OEM-equivalent performance. They offer the following benefits:

- **Quality and performance.** Properly remanufactured cartridges offer no difference in print quality or page yield compared to original parts. Orderzone's cartridges contain only quality toners that work well with the replacement parts

**10 PC. FILE SET CUSTOMIZED FINISHING TOUCHES**

If you need to add those all-important finishing touches your work, you'll be glad to have the Craftsman Evsly 10 pc. File Set in your toolbox. It comes with ten brilliant files to choose from. You can select just the right to complete specific jobs. Because this set knows the files you need the most, it includes the six most popular files. Among these is the 6 inch 4 in hand, 6 inch round, 6 inch slim, 6 inch half round, 8 inches and 10 inches mill.

With this 10 pc. File Set, you can target the amount of wood you want chiseled off. It gives you a wide range that lets you select the kind of finish you want. Apart from the six most popular files, you can also use the hobby files with handles on plastic and to get rid of extra shims. It is a resourceful set for professionals and also suitable for home use.

The Craftsman Evsly 10 pc. File Set help you add desired finishing touches to your work.

Set comes with ten files for great range

The 6 most popular files are included among the 10

Popular files are the 6 inch in 4 hand, 6 inch round, 6 inch slim, 6 inch half round, 8 inch and 10 inch mill

Use files to chise off wood and whet blades on metal

4-inch hobby handles to use on plastic and metal.

Excellent set for professionals and home users

Save you money by including great files in one set
